SUMMARY

Dynamic professional with a solid foundation in Marketing, Operations, and NFTs, complemented by a recent Diploma in Identity and Access Management and now transitioning to a career in Cyber security with a specialization in Identity and Access Management. Backed by recent certifications and comprehensive training, I bring a unique blend of technical expertise, leadership, and a strong passion for Cyber security principles.

SKILLS

- Identity and Access Management
- Cyber Security Principles
- AWS Cloud Security
- Vulnerability Management
- Solidity Basics
- Web Design and Development
- Excellent Leadership and Team Management Abilities
- Effective Communication and Relationship Building
- Strong Problem-solving and Decision-making Skills

WORK EXPERIENCE

NFT Project | *Founder*

Jun 2022 - Jun 2023

- Strategically implemented robust security measures, such as TLS/SSL, CDN, and S3 Buckets, within AWS infrastructure, safeguarding sensitive user data and digital assets.
- Developed Solidity Smart Contracts with the assistance of AI.
- Established an NFT project ecosystem with a team of 6 members.
- Collaborated with artists and developers to conceptualize and execute the project.

Ragnafi (FOLLOW) | *Operations Lead*

Oct 2021 - Mar 2022

- Managed day-to-day operations, aligned cross-functional teams with strategic goals, and oversaw a team of 50.
- Collaborated closely with the founding team.
- Supervised tokenomics and protected company wallets against unauthorized transactions.
- Headed the Marketing, Technical, and Business development team.
- Monitored KPIs and implemented corrective actions as necessary.

Ragnafi (FOLLOW) | *Marketing Team Lead*

Jul 2021 - Oct 2021

- Managed a team of 30 individuals.
- Led the marketing team and orchestrated marketing activities to enhance brand awareness.
- Executed digital marketing campaigns across various channels, including social media, email, and paid ads.

M.S Car Link | *Digital Marketing Executive*

Oct 2019 - Mar 2021

- Created a company website with a robust server, including Cloudflare features such as HTTPS, CDN, Brute force attack firewall, and more.
- Developed brand awareness strategies and executed outreach efforts.

- Designed and managed effective marketing ad campaigns.

Digital Academy 360 | *Internship*

Jul 2019 - Sep 2019

- Worked on live projects
- Conducted website audits

EDUCATION

Alison | *Diploma in Identity and Access Management (IdAM) by CodeRed*

2023 - 2023

Digital Academy 360 | *Master in Digital Marketing*

2019 - 2020

Vijaya College Jayanagar | *Bachelor of Business Administration (BBA)*

2016 - 2022
